IN ATTENDANCE	Gabriel Santos, João Gaspar, David Amorim, Francisca Silva, Guilherme Amaral, Francisco Albergaria

TOPIC

- Work review
- GitHub and issues
- Discussion

DESCRIPTION

In this meeting there wasn't a specific topic in mind, it was called as an overview and to determine if there were any urgent tasks to be taken care of.

The meeting started with each member saying what they'd done, problems they had, and things they still have to do. Backend tests, and frontend tests, backend integration with frontend and person tracking, camera pages for multiple camera viewing, pull requests reviews, logs and reports. All these things were discussed upon.

Some doubts were cleared between members on how to better apply person reidentification.

Tests that need to be done on some code.

Active discussion between all members (not needed specification)

Urgent matter: Multiple suspect selection frontend.

New task division.

TODO

- **Front end backend integration (In progress)**
- **Suspect selection frontend (In progress)**
- **Recording videos (Done)**
