IN ATTENDANCE	Gabriel Santos, Guilherme Amaral, Francisco Albergaria, João Gaspar, David Amorim, Francisca Silva

TOPIC
Meeting with the tutors to discuss some doubts about the project as well as some solutions to some problems.

DESCRIPTION
Today the group was accompanied by the second tutor, with whom they exchanged contact information since he also offered to help with YOLO as he had also worked previously with it.

To help, the group had a list filled with topics of discussion.

The group clarified doubts regarding the team's positions and roles, the project calendar, the main requirements for the project and their priorities.

The teachers helped the students understand better how to proceed with the presentation on the 25th.

Before ending the meeting, the group was advised to create a server for an organization like Discord (which was already done).
