DATE	May 5th□
TIME	14:00 PM – 14:30 PM
IN ATTENDANCE	Gabriel Santos, João Gaspar, David Amorim, Francisca Silva, Guilherme Amaral, Francisco Albergaria

TOPIC
- Checkpoint presentation
- PowerPoint
- Person Reidentification
- Front end changes
- Model training (Confusion matrix)
- Tests
- Multi camera

DESCRIPTION

The team started by planning the division of the next checkpoint presentation. They were in charge of the PowerPoint Francisco.

The team discussed the process of person reidentification, and how Guilherme was taking care of it, and the problems he faces as well as corrections to be made (No biometric data still). David called out the need to the matrix, pointed out by the teacher in the previous presentation.

Gabriel talked about the changes he made in the front-end and became free to start doing backend and frontend tests.

There was a problem to be solved regarding making the multi camera processing work, as well as following several suspects at the same time.

David pointed out the need to find videos to train and test reidentification.
